What's New In?

The game you know and love, but with new, thrilling features! It is guaranteed that after you play for a while, you'll wish to keep playing. Forest tower will help to get rid of time. You can only begin to play the game, if the button is pressed in the help. If you have not played it earlier, please do. Forest tower is a tower, which is placed in a huge forest. You are a man, who, over time, there would be surrounded by a forest, which was planted on the land, or even that it was carried from another place. You have to build the tower, in order to reach the top of the forest, and in the case that you would not die during the flight, to escape the danger. But do not be surprised if you fall down the tower. You have to jump to the other side of the tower, and to do that, you need to press the left and right keys. If the tower is too high, you can't press the keys, and you will fall down, and you will lose the game. Keep jumping, and you will be the last survivor! * Forest tower is made with ** Artworks (design) * GUI (Graphic user interface) Forest tower is a funny widget designed to keep you amused for hours. It is necessary to jump higher and to not fall downwards. You can move the personage with left and right arrows, spacebar - jump. To begin to play, click "Start" or simply press any key.
